

**Carefirst Family Health Team** is a non-profit, primary healthcare clinic located in Richmond Hill and Scarborough. We offer medical services and healthcare programs to a diverse community in the Greater Toronto Area.

We are currently seeking a **Social Worker** to join our Family Health Team.

### **Responsibilities:**

- Provide assessment, coordination, implementation, and evaluation of social work services (counselling/therapy, case management, group program facilitation, and care coordination) to patients and their families to aid them in coping with social, emotional, and economic difficulties related to medical concerns/illness
- Act as a coordinator of the INTEGRATE Care Program, providing patient-centered care, conducting house calls, home visits, and engaging patients and families in developing individualized care plans
- Collaborate with physicians and other team members in the provision of patient care, participate in interdisciplinary team rounds
- Participate in the development and maintenance of effective linkages with the inter-professional health care network (i.e., hospitals, community service providers)
- Conduct psycho/social assessments, diagnosis, and therapeutic intervention with patients and families to assist them to achieve optimum social functioning and psychological wellbeing
- Support patient self-management through the development of educational resources with respect to psychosocial health, and wellness programs
- Maintain an updated knowledge of community resources, identify gaps in service and respond to client and community needs
- Mentor and supervise student placements throughout the school year
- Practice in a manner that is consistent with the philosophy of continuous quality improvement and evidence based practice
- Monitor patient progress; maintain updated records, charts, statistics, reports, etc.

### **Requirements:**

- Master of Social Work (MSW)
- Registration in good standing with the Ontario College of Social Workers and Social Service Workers (OCSWSSW) required
- Minimum 3 years of related experience in a primary health care setting preferred, experience in Geriatrics/working with seniors is an asset
- Ability to work independently, and collaborate effectively as part of an interdisciplinary team
- Well-developed assessment and intervention skills, with knowledge of coordinated care plans and community resources, especially in the areas of crisis services, mental health, and long term care
- Experience in providing counseling to diverse age groups using solution-focused, cognitive behavioral approach, group facilitation, motivation interviewing, and mindfulness
- High degree of judgment and ability to maintain confidentiality
- Demonstrated attention to detail and efficient time management; capacity to prioritize and work in a very active work environment
- Proficient computer skills in Microsoft Office, EMR, and data-based applications (i.e., CIMS)
- Exceptional oral and written communication, with solid conflict resolution and interpersonal skills
- Proficiency in English, ability to speak a second language commonly used by our clients such as Cantonese and Mandarin is an asset
- Current police vulnerable sector check completed within one year

### **Please send your cover letter and résumé to:**
